Loom bracelets are the most popular beginner projects. They come in various patterns, but learning the basic steps will set a strong foundation for more complex designs.

Simple Loop Bracelets

This classic design is perfect for beginners.

- **Set up your loom:** Secure your loom on a flat surface. Hook your first rubber band at the starting peg (usually the leftmost). Stretch it across to the rightmost peg, forming a straight line.
- **Add the second band:** Loop a second rubber band over the first, creating an "X" shape. Use your hook to pull the bottom band over the top and onto the next peg.
- **Continue looping:** Repeat this process, adding one band at a time and looping over the previous bands, moving across each peg.
- **Finish the bracelet:** Once you reach the end, secure the last rubber band with a C-clip or S-clip.
- **Remove and secure:** Carefully lift the entire bracelet from the loom, attach the clip to the other end, and your bracelet is ready to wear!

Adding Color and Pattern Variations

Once you're comfortable with the basic loom bracelet, you can experiment with different colors and patterns.

- **Color-changing patterns:** Use different colored bands in each row to create striped or rainbow effects.
- **Chevron designs:** Alternate colors in a V shape pattern for a trendy look.
- **Fishtail pattern:** Use a specific weaving technique to create a textured, fishtail effect.

Advanced Fun Loom Projects: Step-by-Step Directions
